

## Company Fact Sheet

Resource and Financial Management System (RFMS) is best known as the leading provider of business software designed exclusively for the floor covering dealer. Established in 1984, RFMS has automated over 2,000 flooring businesses in 7,000 locations in the US, Canada and Australia. The RFMS approach includes software, training and comprehensive support systems that help dealers to increase productivity, efficiency and most importantly profits.

## Flagship Products

**RFMS Business Management System** – complete system with Order Entry, Inventory Control, Job Costing and Accounting

**Measure** – graphical take off/estimating software, calculates and optimizes material quantity usage, provides seaming and cutting diagrams.

**Showroom Manager** – manages mill pricing and creates estimates that can be exported to Quick Books.

**B2B E-Commerce** – electronic product catalogs, invoices, purchase orders

**RFMS Commercial** – bids, job estimates and project management software for commercial dealers

**New Home Management System** – Builder Design Center solution that handles the specific issues of material selection and upgrades for new home construction.

## Customers

Many of the leading floor covering dealers in the industry use RFMS including: Atlanta West Carpets, CAP Carpet, Carpets-N-More, Floors Inc/Texas, Georgia Floors, Guy's Floor Service, Leonard's, Rite Rug, Trinity Carpet Brokers and Weber Carpet.

## Home Office
