

Bid Pro

800.701.7367 | www.rfms.com

Bid Pro streamlines your bidding process to win more bids, increase profitability, and gain greater control over your entire business. Designed to handle all job types in the Builder, Commercial, and Multi-Family industries, Bid Pro integrates with RFMS Order Entry, Products, and Measure to eliminate unnecessary data entry duplication. Not only can Bid Pro provide you with advanced estimating and analytical information, but the template feature allows you to create a detailed estimate that you can use to create new estimates or customer orders with just a few easy clicks.

Use these amazing features to standardize your bidding to win more jobs:

Streamlined Integrations with RFMS Core and Measure

Job-Specific Templates

Sub-Estimates

Allowed vs. Actual Costs

Custom Search Tools

Profitability Analysis

Buy vs. Sell Quantity Checking

Quick-copy feature to manipulate GP on an entire job or by line

Benefits:

- ✓ Provide your estimators with key information
- ✓ Submit best bid possible
- ✓ Submit a higher number of bids in your normal time
- ✓ Improve profits
