RFMS Mobile App

Why RFMS Mobile?

Every flooring sales professional has a need to quickly access and manage their quotes, orders and product information from wherever they are – be it the showroom floor or in the customer's home.

If your Sales Staff is struggling with

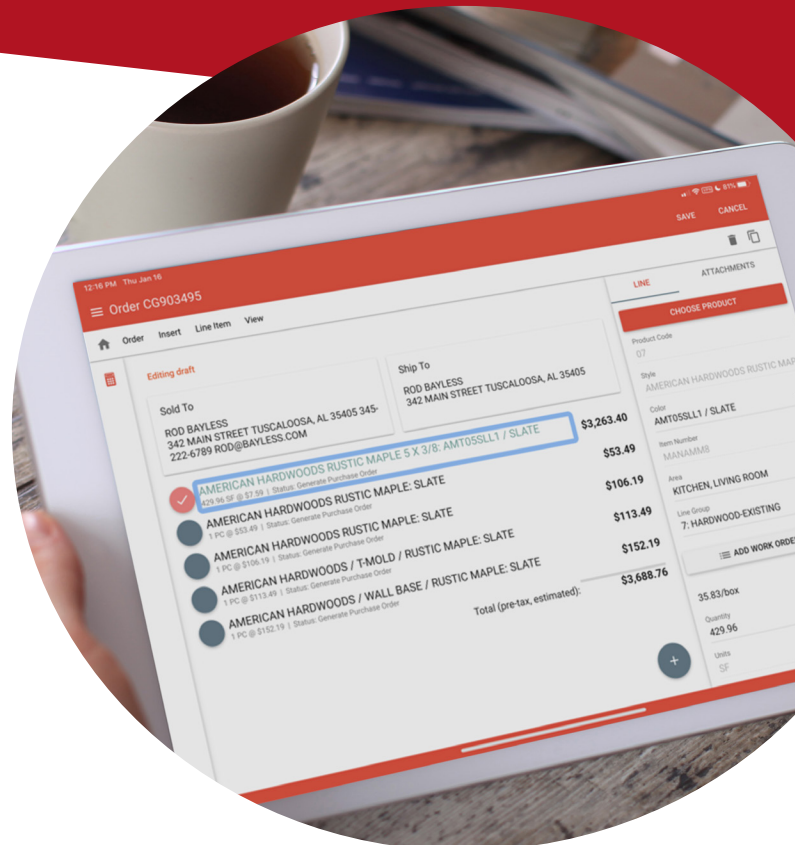

- Quickly Providing Quotes to their customers
- Accessing accurate product and pricing information
- Keeping up with the status of Quotes and Orders

RFMS Mobile solves these issues and more.

Fulfills the Needs of Your Sales Staff by:

- Integrating with Measure Mobile to provide accurate quotes to your customers immediately after the measure is performed
- Providing access to real-time inventory data, including directly from the mills
- Enabling Order management by reserving and cutting inventory
- Revealing the Gross Profit percentage for quotes and orders to ensure an appropriate selling price
- Displaying the installation schedule for a specific Order or Crew*
- Easily accepting payments with the OnTop Payment App integration

*Requires RFMS Schedule Pro subscription

Built to Sell from Anywhere
