

Virtual Estimating Services

Let our team of knowledgeable and experienced Measure estimators perform quality and efficient takeoffs for your projects. By outsourcing your projects, you can increase the number of bids submitted and increase the chances of winning more jobs. Imagine being able to submit multiple bids for a fraction of the cost of an additional estimator.

Cost-Effective

Our services cost significantly less than hiring a similarly experienced estimator or estimating service.

Comprehensive

Takeoffs include a digital set of room plans including dimensions, quantities, labeled rooms, seam and cut diagrams, and more.

Fast

Completed takeoffs will be returned in 3 business days or sooner.

Experienced

Our team of Measure professionals has years of Measure and real-world flooring experience.

Increase Sales

Bid on more jobs that you don't have the time to do the takeoff.

Accurate

Using Measure and industry best practices, your takeoffs are exceptionally accurate.

Virtual Estimating Services Packages

<h2>Basic</h2> <p>Up to 10 blueprints Up to 50,000 sf * per month</p>	<h2>Deluxe</h2> <p>Up to 20 blueprints Up to 100,000 sf * per month</p>	<h2>Premier</h2> <p>Unlimited blueprints Up to 200,000 sf * per month</p>

*Square footage overages will be billed at \$0.03/sf. On-demand packages are available at a surcharge. All packages must commit to 12 months minimum. After 12 months, packages will auto-renew each month until a written cancellation has been received by RFMS. All packages require a setup charge that varies based on package selection. An introductory call with a Virtual Estimating Services Specialist will assist in determining your package selection and set-up charge requirements
