

JavaScript Front-End Developer

Remote/In-Office • Full Time • Exempt

We are looking for an experienced and creative Front-End Developer to join our RFMS Development Team. This is a great opportunity to work on a cutting-edge team within a rapidly growing company!

As a JavaScript Front-End Developer at RFMS, you will use frameworks like Angular JS (and various others) to create practical client-facing software by participating in full life cycle development, including requirements, designing, configuring, testing, and support.

What we look for

Motivated individuals who are interested in high-level professional development work and are open to expanding their skillset with new systems and languages. Someone who has the ability to prioritize shifting workloads in order to meet crucial deadlines.

To qualify, you must have

- Bachelor's degree in Computer Science, Software Engineering, Mathematics, or related degree
- Professional programming/development experience
- Strong knowledge of JavaScript, CSS, and HTML
- Experience in database technologies such as SQL, NoSQL, etc.
- Experience with cloud services and SAAS such as Azure, REST, etc.

What working at RFMS offers

We offer the opportunity to develop new skills and progress your career within the software industry. In addition, we offer competitive benefits packages that consist of:

- Health Care Plan (Medical, Dental, Vision)
- 401k Plan (Traditional & Roth) – we match \$1 for \$1 on first 3% deferred and \$0.50 for each \$1 on next 2% deferred!
- Company-Paid Life Insurance Policy
- Flexible Spending Accounts
- Paid Time Off
- Tuition Reimbursement Program
- Phantom Stock

About Us

RFMS is the leading software development company focused on providing modern-day tech solutions for the floor covering industry. We have over 35 years of experience streamlining flooring businesses and making owners more profitable. The RFMS Team consists of over 100 team members operating out of our Corporate Office location in Tuscaloosa, Alabama, and various remote locations throughout the US, as well as the RFMS Australasia office in New Zealand.
