

Quality Assurance Tester

Exempt • Full Time

Interested in a career coding and testing software? At RFMS, you have the opportunity to join our Quality Assurance team as a Quality Assurance (QA) Tester. This is a hybrid role where you would get to write and develop the code for unit testing.

You would be responsible for ensuring that all modules/programs meet functional and design requirements before they are released to the market. This would be done through executing automated and manual testing.

What we look for

Individuals with strong analytical and critical-thinking skills who can adapt to the rapidly changing tech industry. A team player who is an effective communicator and can document outcomes of the testing process both in writing and verbally.

To qualify, you must have

- Bachelor's degree in Computer Science, Computer/Software Engineering, MIS, or related degree
- Working knowledge of programming
- Proficiency with Microsoft Office products
- Quality control and/or software testing experience (preferred)

What working at RFMS offers

We offer the opportunity to develop new skills and progress your career within the software industry. In addition, we offer competitive benefits packages that consist of:

- Health Care Plan (Medical, Dental, Vision)
- 401k Plan (Traditional & Roth) – we match \$1 for \$1 on first 3% deferred and \$0.50 for each \$1 on next 2% deferred!
- Company-Paid Life Insurance Policy
- Flexible Spending Accounts
- Paid Time Off
- Tuition Reimbursement Program
